Changes as of 1 Oct 2014:

Pursuant to subsection 5 (2) of the Regulation of the Minister of Regional Affairs "Principles of the Format and Use of Place Names" (RT I, 26.06.2013, 5), which entered into force on 1 July 2013 together with the Place Names Act, if a place name includes a generic term (written as a part of the place name or as a separate word) that coincides with the type of the named feature, the generic term is not duplicated.

The changes are based on the minutes No. 52 of the meeting of the Place Names Board of Estonia on 10 June 2014

Pursuant to subsection 8 (2) of this Regulation, the changes in the classification of Estonian administrative units and settlements (EHAK) arising from the requirement stipulated in subsection 5 (2) of the Regulation have to be made by 1 January 2015.

The following changes are made:

Duplicate generic terms are removed from registers (this applies to the place names in Estonian; for example, "Järveküla küla" will be shown as "Järveküla"). If a place name has an alternative name in a foreign language, the alternative name is given without the generic term in Estonian (for example, the previous format "Elbiku / Ölbäck küla" is changed to "Elbiku küla / Ölbäck").

Also, the settlement unit type "city without municipal status" is replaced with the generic term "city". The phrase "without municipal status" is a descriptive modifier of the generic term and thus should not be a part of the generic term denoting a settlement unit. "City without municipal status" as a type (not as a generic term) will still be used in EHAK. If necessary, brackets should be used for this description.

For example, in lists:

Haapsalu city

Kärdla city (without municipal status).

Changes as of 6 Sept 2014:

Pursuant to Regulation No. 36 of the Minister of Regional Affairs of 29 August 2014 (RT I, 03.09.2014, 1), the following changes are made:

In Järva county:

In Koigi rural municipality, **Pätsavere** village (code **6627**) is reinstated. **Lähevere** village (old code 4627) is assigned the new code **4626**. The classification characteristics are 51 325 8.

Changes as of 18 May 2014:

Pursuant to Regulation No. 8 of the Minister of Regional Affairs of 12 May 2014 (RT I, 15.05.2014, 10), the following change is made:

In Harju county:

In Saku rural municipality, Kanama village (code **2652**) is renamed as **Saue** village. The code and classification characteristics do not change.
